

Misc. Common Tool Documentation

[Data Formats](#)

A list of all data formats currently supported by CNS CShell-powered tools. No worries though; it's easy to support any other format you like.

[Datasets](#)

A listing of datasets available for various CNS CShell-powered tools (currently under construction, based on Sci2 Manual content - March 2011).

[Other](#)

[Workflow Tracker](#)

Explanation of the Sci2 workflow Tracker algorithm, including usage hints and tips.
