This table does not contain "program" information. It is a relationship table between PROGRAM and AWARD. Each record in this table describes a "Program belongs to an Award" relationship. The "Program" information is captured from "Program Element Code(s)" field in the NSF Data.

This table contains the following fields:

- PNEC_PROGRAM_FK: The foreign key into the PROGRAM table.
- PNEC_AWARD_FK: The foreign key into the AWARD table.

See AWARD and PROGRAM for further reference.
